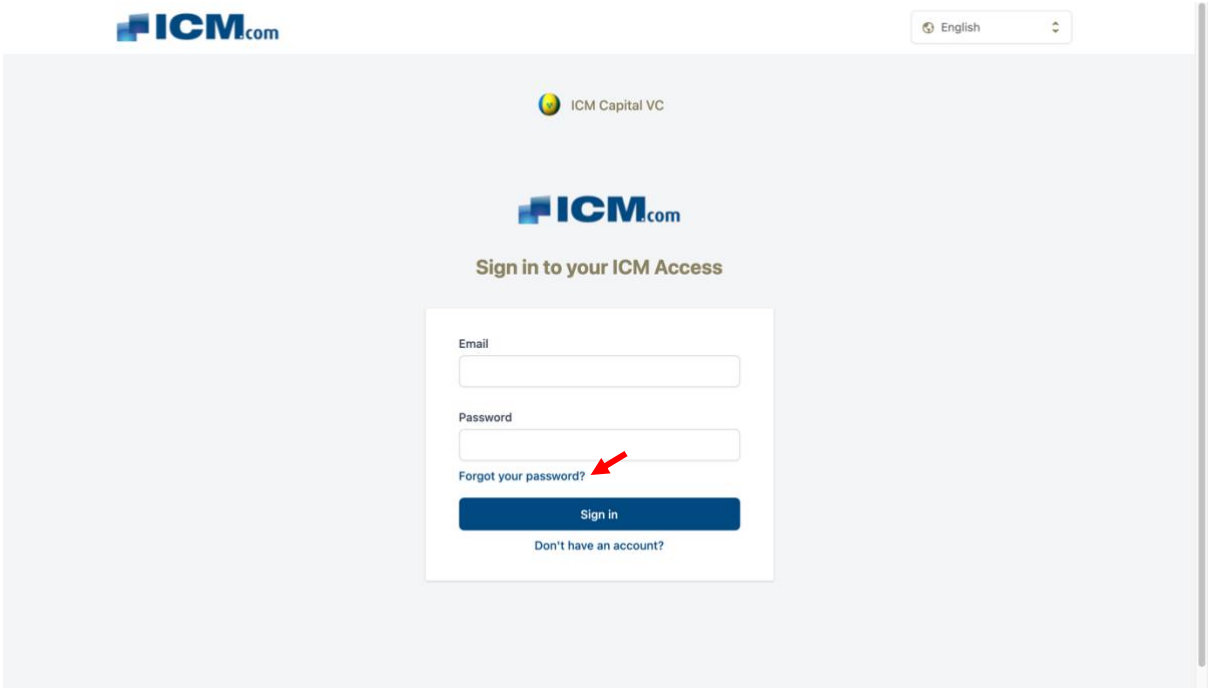
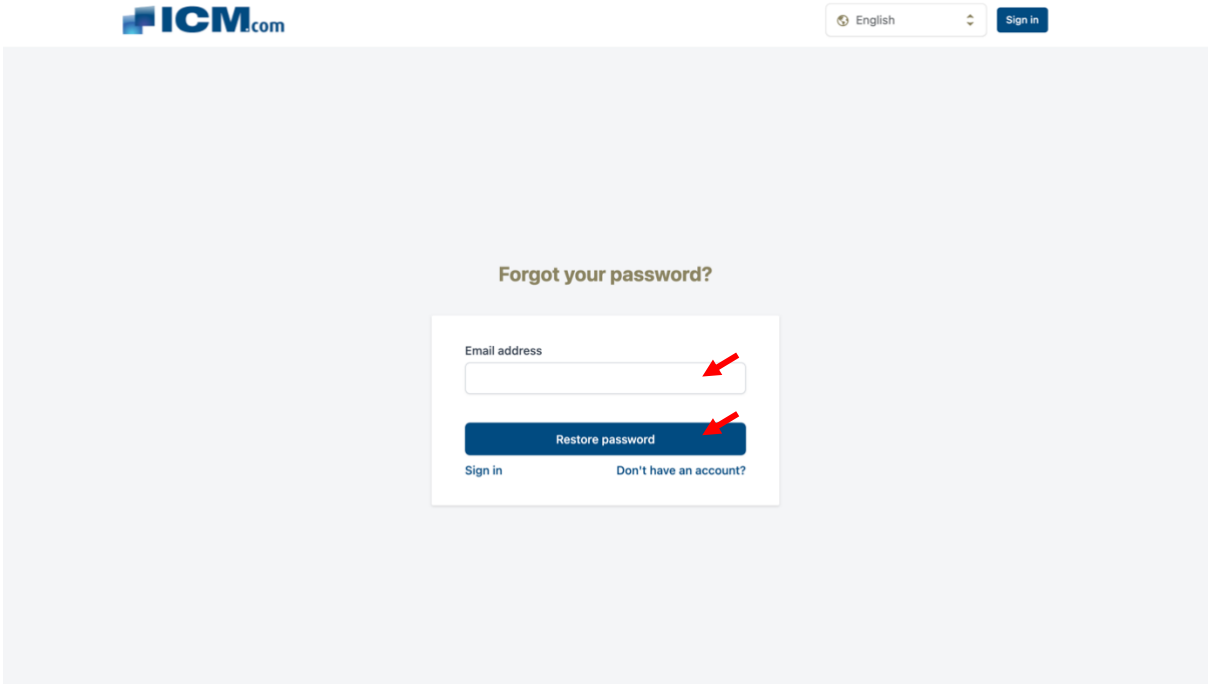
How to reset ICM Access password?

1. Go to www.clients.icmcapital.com and click "**Forgot your password**?"

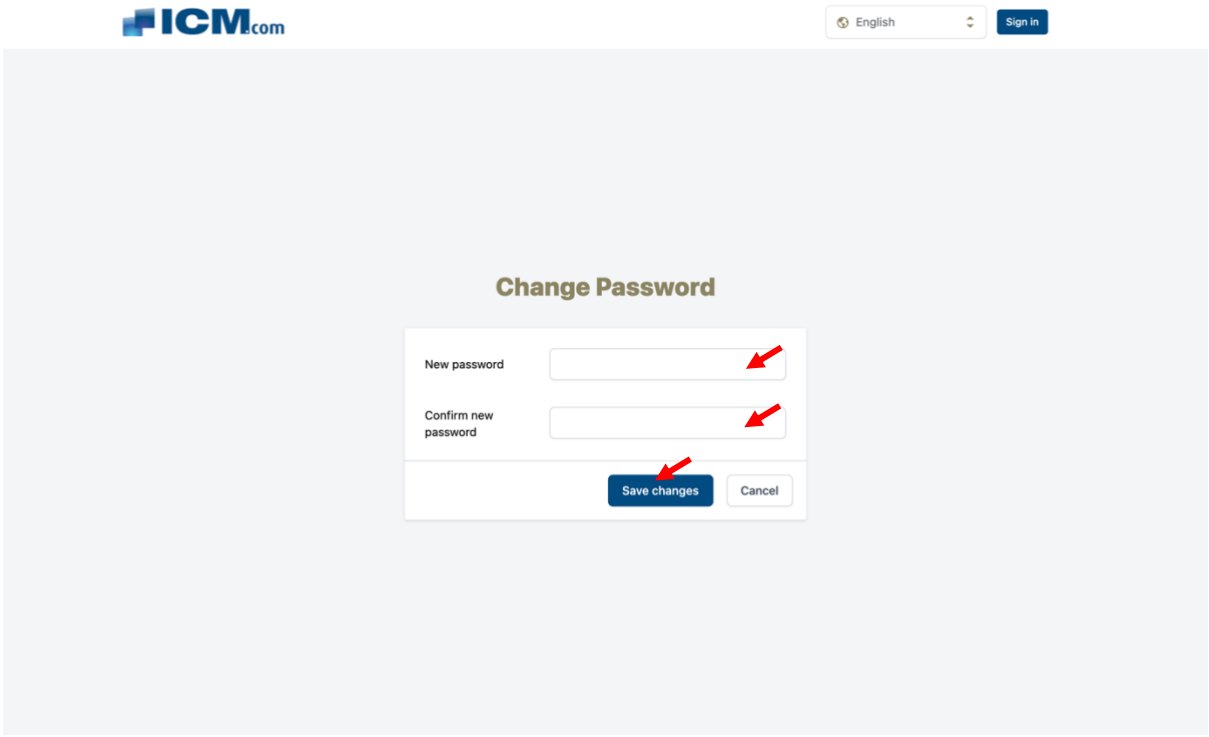


2. Enter your **email address** and click "**Restore password**". You will then receive an email in a few minutes containing a link that will allow you to reset your password.

   Note: If you don't see the email in your inbox shortly, check your spam folder. Make sure your spam filters are set up to allow you to receive mail from ICM.



3. Click on the **link in the email** to reset your password. You will be taken to a new page where you can then create a new password for your ICM Access. Click on the "**Save changes**" button to complete the process.



4. You will then receive an email confirming your password has been changed.
