

How to set MT4 Demo account password?

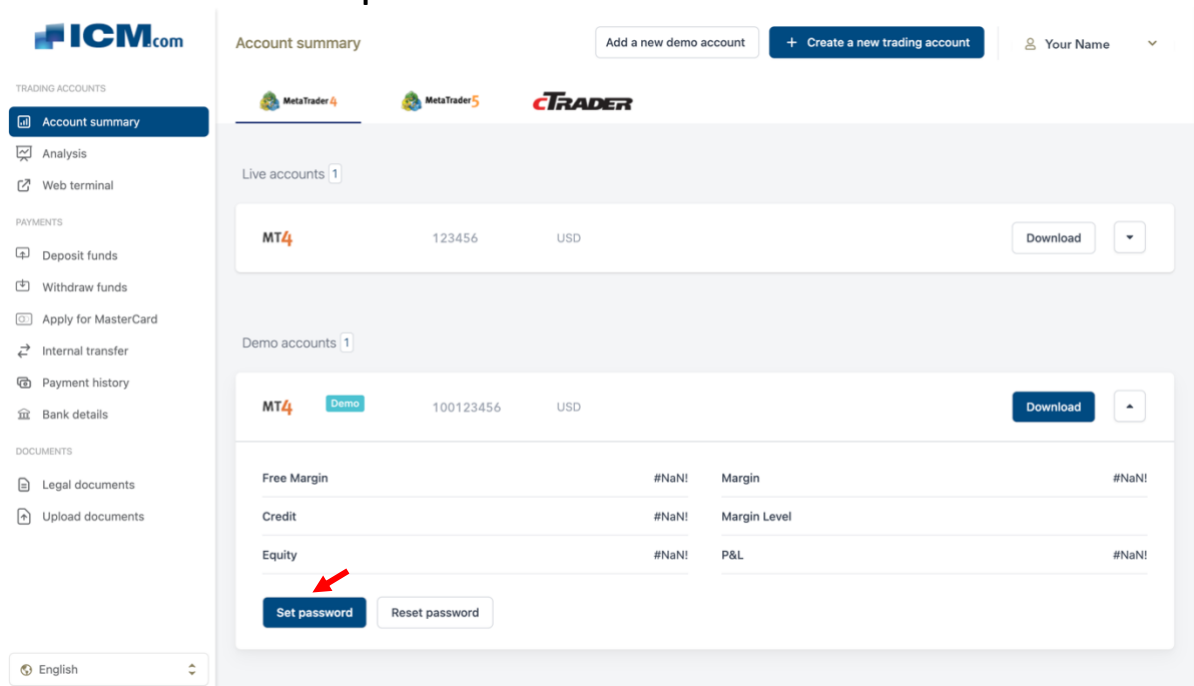

1. Go to www.clients.icmcapital.com and **sign in** using your email and password.

2. Once you have successfully signed in, you will be taken to your “Account summary” page. Click on the “v” at the **MT4 - Demo account** bar next to Download.

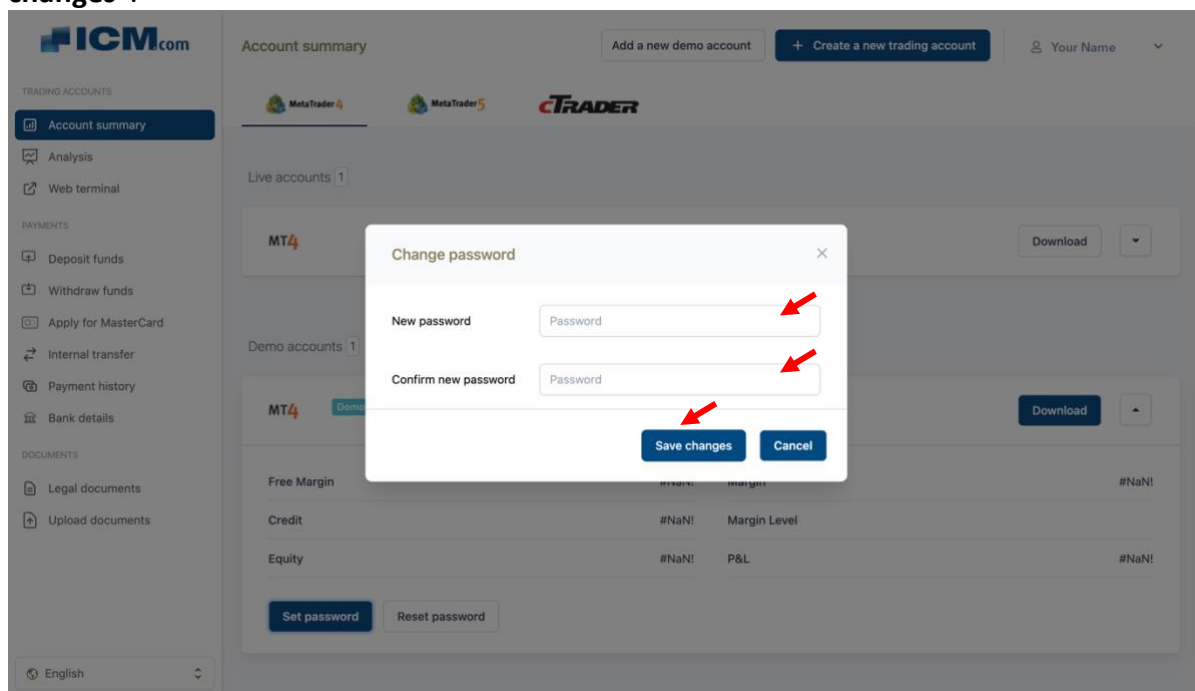

3. Select and click on the “Set password”.

The screenshot shows the ICM.com Account summary page. On the left is a sidebar with navigation links: TRADING ACCOUNTS (Account summary, Analysis, Web terminal), PAYMENTS (Deposit funds, Withdraw funds, Apply for MasterCard, Internal transfer, Payment history, Bank details), and DOCUMENTS (Legal documents, Upload documents). The main content area is titled 'Account summary' and includes buttons for 'Add a new demo account' and 'Create a new trading account'. It displays 'Live accounts' and 'Demo accounts' with details like account type (MT4), balance (123456), and currency (USD). Below this is a table with account details: Free Margin, Credit, Equity, Margin, Margin Level, and P&L. At the bottom of the account details section, there are two buttons: 'Set password' (highlighted with a red arrow) and 'Reset password'.

4. Enter your new password and confirm your new password. Then, click “Save changes”.

The screenshot shows the same ICM.com Account summary page, but with a 'Change password' modal dialog box open in the center. The modal has two input fields: 'New password' and 'Confirm new password', both containing the placeholder text 'Password'. Below these fields are two buttons: 'Save changes' (highlighted with a red arrow) and 'Cancel'. Red arrows also point to the 'New password' and 'Confirm new password' input fields.
