Risk warning: CFDs and Spot FX are leveraged products. Trading CFD's or Spot FX carries a high risk to your capital and can result in losses that exceed your deposits.

Note: All photos must be readable and clear. Make sure your documents are fully visible.

4. Once verification is completed, you will get an email notice.

Note: The verification usually takes just a few minutes, but sometimes it may require more time for our Verification Department to review your documents. This may depend on the amount of verification requests, or if it was submitted overnight or at the weekend, and, in these cases, may take up to 12-24 hours. The quality of the documents you submit can also affect approval time, so make sure your document photos are clear and not distorted.
