## ICM Capital Account

You are applying for an ICM Capital account which offers you the opportunity to trade on the movement of financial products. CFD and Spot FX trading are leveraged trading products. If you want to know more about margin trading please read our brochure or visit the FAQs section of our website at [www.icmcapital.co.uk](http://www.icmcapital.co.uk).

At ICM Capital, we want you to enjoy your trading experience, but you must note that if the markets move unexpectedly against your position or gap overnight, you may be required to credit your account with additional funds.

Stop-losses can be generated at trade inception or can be placed on existing deals at a later stage. You can lose more than your initial deposit and stake. Trading carries a high level of risk so you should only speculate with money you can afford to lose. Before you open an account, please ensure you familiarise yourself with the risks involved. Or if you have any questions please call our Client Support team on +44 207 634 9770.

## Types of Account

You must deposit funds before you wish to make a trade. Payments can be made via Credit/Debit card by SWIFT transfer using your account number as a reference (please ask for bank details).
